

Patient Acknowledgement: COVID-19 Pandemic Emergency Dental Risk

Please read the patient acknowledgement below, and initial or sign in all areas indicated.

I understand the novel coronavirus causes the disease known as COVID-19 and that it is currently a pandemic. I understand that the novel coronavirus virus has a long incubation period during which carriers of the virus **may not show symptoms and still be contagious**. For this reason, I understand that the federal and provincial authorities have recommended that Ontarians stay home and avoid close contact with other people when at all possible.

I understand that oral surgery/dental procedures can create water and/or blood spray, which is one way that the novel coronavirus can spread. I understand that the ultra-fine nature of the spray can linger in the air for minutes to sometimes hours, which can transmit the novel coronavirus.

I understand that due to the visits of other patients, the characteristics of the novel coronavirus, and the characteristics of dental procedures, **that I have an elevated risk of contracting the novel coronavirus simply by being in the dental office**.

I confirm that I do NOT have any TWO OR MORE or the following symptoms of COVID-19: (i) fever, (ii) new or worsening cough, (iii) sore throat, (iv) runny nose or (v) headache.
